

## Handcrafted Copper Vessels

These strikingly beautiful, designer copper vessel sinks are works of art; joining a long tradition of sink design with copper craftsmanship that dates back several centuries. Artisans have been working with copper for generations resulting in sinks that are not only very functional but can make a statement of elegance in every bathroom. Available in nine designer styles that will continually enrich the beauty of your bathroom, these sinks acquire a patina that is second to none.

Artisan Manufacturing is dedicated to offering premium quality, handcrafted designer copper vessels and kitchen apron sinks. With pride and craftsmanship, this new Artisan Collection is a testament to their commitment to deliver quality products year after year.

For more information, call an Artisan Manufacturing Specialist at 973-286-0080 or go to [www.artisansinks.com](http://www.artisansinks.com).
